Explanation of Responses:

- The stock option became exercisable in five (5) equal annual installments, commencing one year after the grant date of 08/07/00.
- In connection with the merger of Bridges Merger Corporation, a wholly owned subsidiary of the Issuer, with and into Biogen, Inc. ("Biogen") effective on November 12, 2003 (the "Merger"), the Issuer assumed all options outstanding at the effective time of the Merger under Biogen's existing stock option plans, including the options being reported on this form by the reporting person. Each such Biogen stock option is now exercisable for shares of the Issuer's common stock. The exercise price for each share of Issuer common stock is calculated by dividing the exercise price of the option immediately prior to the Merger for a share of Biogen common stock by the Exchange Ratio (rounded up to the nearest cent). The number of shares of Issuer common stock for which an assumed option may be exercised is calculated by multiplying the number of shares of Biogen common stock for which the option was exercisable immediately prior to the Merger by the Exchange Ratio (rounded down to the nearest whole share).
- The stock option became exercisable in five (5) equal annual installments, commencing one year after the grant date of 12/15/00.
- The stock option became exercisable in four (4) equal annual installments, commencing one year after the grant date 12/14/01.
- The stock option became exercisable in four (4) equal annual installments, commencing one year after the grant date 12/06/02.
