SCHEDULE 13D

Explanatory Note. This Statement on Schedule 13D reports acquisitions by Biogen Idec MA, Inc., a Massachusetts corporation and wholly-owned subsidiary of Biogen Idec Inc., a Delaware corporation, of beneficial ownership of shares of common stock, \$0.01 par value per share, of Targeted Genetics Corporation during the period from September 19, 2000 through August 15, 2003.

Item 1. Security and Issuer

The securities to which this Statement relates are the common shares, \$.01 par value (the "Common Stock"), of Targeted Genetics Corporation, a Washington corporation (the "Issuer"). The Issuer has its principal executive offices at 1100 Olive Way, Suite 100, Seattle, Washington.

Item 2. Identity and Background

(a)-(c); (f) This Statement is being jointly filed by Biogen Idec Inc., a Delaware corporation formerly known as IDEC Pharmaceuticals Corporation ("Biogen Idec"), and its wholly-owned subsidiary, Biogen Idec MA, Inc., a Massachusetts corporation ("Biogen MA," and together with Biogen Idec, the "Reporting Persons"). Biogen Idec is a global biotechnology and pharmaceutical company, with its principal place of business at 14 Cambridge Center, Cambridge, Massachusetts. Biogen MA (formerly known as Biogen, Inc.) became a wholly-owned subsidiary of Biogen Idec in November 2003, when a subsidiary of Biogen Idec merged with and into Biogen MA, and shareholders of Biogen MA received common stock of Biogen Idec in the merger in exchange for their shares of Biogen MA. Concurrently with the closing of this merger, Biogen Idec's name was changed to Biogen Idec Inc. from IDEC Pharmaceuticals Corporation. Biogen MA has its principal place of business at 14 Cambridge Center, Cambridge, Massachusetts. For information required by General Instruction C to Schedule 13D, reference is made to Exhibit A attached hereto which is incorporated herein by reference to this Item 2.

(d)-(e) Neither of the Reporting Persons, nor, to the knowledge of the Reporting Persons, any person listed on Exhibit A hereto, has during the last five years (i) been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) been a party to any civil proceeding of a judicial or administrative body of competent jurisdiction as a result of which such person was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Contribution

On September 19, 2000, pursuant to an Agreement and Plan of Merger (the "Merger Agreement"), dated August 8, 2000, among Genovo, Inc., a Delaware corporation ("Genovo"), the Issuer, TGC Acquisition Corp., a Delaware corporation and wholly owned subsidiary of the Issuer ("Merger Sub"), and Biogen MA, a stockholder of Genovo, TGC Acquisition Corp. merged with and into Genovo (the "Merger"), and Genovo became a wholly-owned subsidiary of the Issuer. In this Merger, Biogen MA received 3,060,754 shares of the Issuer's Common Stock in satisfaction of the liquidation preference on its preferred stock of Genovo and 851,873 shares of

the Issuer's Common Stock in exchange for the return by Biogen MA to Genovo of certain intellectual property and other rights. On September 30, 2002, Biogen MA received 104,854 shares of the Issuer's Common Stock as additional merger consideration related to the exercise of the Genovo stock option held by the Genzyme Corporation. For a description of the Merger Agreement, see Item 4 below, which descriptions together with a copy of the Merger Agreement (Exhibit B of this Statement), are incorporated herein by reference to this Item 3.

Concurrently with entering into the Merger Agreement, the Issuer and Biogen MA entered into a Funding Agreement (the "Funding Agreement"), dated August 8, 2000. Pursuant to the Funding Agreement, and conditioned upon the completion of the Merger, Biogen MA agreed that, during a period of three years from the date of the Funding Agreement, at the option of the Issuer and on certain terms and conditions, Biogen MA would purchase shares of the Issuer's unregistered Common Stock having an aggregate market value of up to \$10 million (the "put option"). As a result of the Issuer's first exercise of the put option, on September 25, 2002 Biogen MA purchased 5,804,673 shares of Common Stock at \$0.69 per share, for an aggregate purchase price of approximately \$4.0 million, using its working capital funds. As a result of the Issuer's second exercise of the put option, on August 15, 2003 Biogen MA purchased 2,515,843 shares of Common Stock at \$1.91 per share, for an aggregate purchase price of approximately \$4.8 million, using its working capital funds. For a description of the Funding Agreement, see Item 4 below, which descriptions together with a copy of the Funding Agreement (Exhibit C of this Statement), are incorporated by reference herein to this Item 3.

This Item 3 is not applicable to the persons listed on Exhibit A hereto.

Item 4. Purpose of Transaction

Biogen MA concurrently entered into the Merger Agreement, the Funding Agreement and certain other agreements, and acquired shares of the Issuer under the Merger Agreement and the Funding Agreement, for the purpose of continuing its gene therapy research and development program.

The following is a description of the relationship among Biogen MA and the Issuer.

The Merger Agreement provided for the merger of Merger Sub with and into Genovo, with Genovo continuing as the surviving entity and a wholly-owned subsidiary of the Issuer. The Merger was completed on September 19, 2000. Pursuant to the Merger Agreement, the Issuer issued to Biogen MA 3,060,754 shares of the Issuer's Common Stock in satisfaction of the liquidation preferences on the preferred stock of Genovo held by Biogen MA and 851,873 shares of the Issuer's Common Stock in exchange for the return by Biogen MA to Genovo of certain intellectual property and other rights. On September 30, 2002, Biogen MA received 104,854 shares of Common Stock as additional merger consideration related to the exercise of the Genovo stock option held by the Genzyme Corporation. Under the terms of an associated Escrow Agreement, dated August 8, 2000, among the Issuer, Genovo, Genovo stockholders (represented by Biogen MA) and Mellon Investor Services, LLC as escrow agent, (the "Escrow Agreement"), 1,095,849 shares of the Issuer's Common Stock issued to Genovo stockholders in the Merger, including 704,865 shares of the Issuer's Common Stock issued to Biogen MA, were held in escrow to secure the obligations of the Genovo stockholders under the Merger Agreement, including the indemnification obligations related to representations made under the Merger Agreement and obligations related to a clinical trial and

the amendment of two license agreements. The escrow agent released 494,046 of the escrowed shares of the Issuer's Common Stock to Biogen MA, and on November 6, 2002 Biogen MA forfeited 210,819 shares of the escrowed Issuer's Common Stock to the Issuer in connection with certain claims by the Issuer under the Merger Agreement.

Under the Merger Agreement, the Issuer agreed to take all necessary action to appoint Joseph M. Davie (or a substitute Biogen MA nominee) to the Issuer's board of directors upon the completion of the Merger, and to nominate Dr. Davie (or a substitute Biogen MA nominee) for election to the Issuer's board of directors for two terms subsequent to his initial nomination. In addition, Biogen MA has the right to substitute a nominee at any time, provided that the substitute is an executive officer of Biogen MA.

Pursuant to the Funding Agreement, and conditioned upon the completion of the Merger, Biogen MA agreed that, during a period of three years from the date of the Funding Agreement, at the option of the Issuer and on certain terms and conditions, Biogen MA would purchase shares of the Issuer's unregistered Common Stock having an aggregate market value of up to \$10 million. As a result of the Issuer's first exercise of this put option, on September 25, 2002 Biogen MA purchased 5,804,673 shares of Common Stock at \$0.69 per share, for an aggregate purchase price of approximately \$4.0 million, using its working capital funds. As a result of the Issuer's second exercise of the put option, on August 15, 2003 Biogen MA purchased 2,515,843 shares of Common Stock at \$1.91 per share, for an aggregate purchase price of approximately \$4.8 million, using its working capital funds. The price per share paid by Biogen MA was calculated in accordance with the Funding Agreement as the average daily closing price of the Common Stock, as quoted on the NASDAQ National Market, for the period of 10 trading days ending five trading days after the date of the Issuer's exercise of the put option. The Issuer's ability to exercise its put option expired in September 2003. Biogen MA has not acquired any shares of the Issuer since the Issuer last exercised its put option. As of the date of this filing, Biogen MA owns in aggregate 12,127,178 shares of Common Stock. As of the date of this Statement, Biogen MA plans to sell up to 850,000 shares of Common Stock of the Issuer pursuant to Rule 144 of the Securities Act of 1933, as amended, and, concurrently with the filing of this Statement, has filed a Form 144 for the sale of such shares. Biogen MA may, from time-to-time, sell additional shares of its Common Stock of the Issuer pursuant to Rule 144 or in other transactions.

Under the Funding Agreement, Biogen MA also agreed to lend to the Issuer an amount not to exceed \$10 million, to be disbursed at the Issuer's discretion. As of the date of this filing, \$10 million principal and interest remain outstanding on this loan, which has a maturity date of August 8, 2006. Additionally, under the Merger Agreement, Biogen MA agreed to convert \$650,000 of debt payable by Genovo to Biogen MA into a \$650,000 promissory note payable by the Issuer with a maturity date of September 19, 2005.

Concurrently with entering into the Merger Agreement, Biogen MA, the Issuer and Genovo also entered into a Development and Marketing Agreement (the "Development Agreement"), whereby Biogen MA and the Issuer agreed to collaborate on the development and commercialization of gene therapy products following the Issuer's acquisition of Genovo. The Issuer and Biogen MA agreed to develop four new gene therapy products over a three year period beginning in September 2000, and the Issuer agreed to provide development assistance with respect to a Biogen MA gene therapy product in return for the payment by Biogen MA of an \$8 million up-front fee. The Development Agreement and the collaboration of Biogen MA and the Issuer provided for by such agreement expired in September 2003.

The foregoing descriptions of the transactions contemplated by the Merger Agreement (Exhibit B of this Statement), the Funding Agreement (Exhibit C of this Statement) and the Development Agreement (Exhibit D of this Statement) are qualified in their entirety by reference to the respective agreements, which agreements are specifically incorporated herein by reference to this Item 4.

Except as described in this Item 4, none of the Reporting Persons, nor to the best knowledge of such persons, any other person named in Exhibit A to this Statement has formulated any plans or proposals which relates to or would result in any matter required to be disclosed in response to paragraphs (a) through (j) of Item 4 of Schedule D.

Item 5. Interest in Securities of the Issuer

(a) Biogen Idec has indirect beneficial ownership of 12,127,178 shares of common stock in the aggregate, which constitutes 14.2% of the outstanding shares of the Issuer's Common Stock. This percentage was calculated based on disclosure in the Issuer's Definitive Proxy Statement on Schedule 14A filed April 14, 2005, that as of March 1, 2005, there were 85,628,244 shares of Common Stock outstanding.

Biogen MA has direct beneficial ownership of 12,127,178 shares of Common Stock.

Other than as provided in this Item 5, neither of the Reporting Persons, nor, to the knowledge of the Reporting Persons, any person listed on Exhibit A hereto, owns or has any rights to acquire, directly or indirectly, any Common Stock.

(b) The Reporting Persons have shared voting power and shared dispositive power with respect to 12,127,178 shares of Common Stock. The Reporting Persons do not have the sole power to vote or to direct to vote or to dispose or to direct the disposition of any shares of Common Stock beneficially owned by them.

(c) Neither of the Reporting Persons nor, to the knowledge of the Reporting Persons, any person listed on Exhibit A hereto, has effected any transaction in the Common Stock of the Issuer during the past 60 days.

(d) Except as set forth in this Item 5, no other person is known by the Reporting Persons to have the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of the Common Stock of the Issuer that may be deemed to be beneficially owned by the Reporting Persons.

(e) Not applicable
