(1) Assumes conversion of all of the holder's LYONs at a conversion rate of 7.1881 shares of common stock per \$1,000 principal amount at maturity of the LYONs. This conversion rate is subject to adjustment, however, as described under the caption "Description of LYONs—Conversion Rights" in the prospectus dated July 9, 2002, as amended and supplemented through

the date hereof. As a result, the number of shares of common stock issuable upon conversion of the LYONs may increase or decrease in the future.

(2) Calculated based on Rule 13d-3(d)(i) of the Exchange Act, using 154,390,900 shares of common stock outstanding as of December 31, 2002. In calculating this amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that holder's LYONs, but we did not assume conversion of any other holder's LYONs.

(3) Information about other selling security holders will be set forth in prospectus supplements, if required.

(4) Assumes that any other holders of LYONs, or any future pledgees, donees, assignees, transferees or successors of or form any such other holders of LYONs, do not beneficially own any shares of common stock other than the common stock issuable upon conversion of the LYONs at the initial conversion rate.

See "Risk Factors" section beginning on page 10 of the prospectus dated July 9, 2002, as amended and supplemented through the date hereof, to read about factors you should consider before purchasing the LYONs or our common stock.
